

Put **CASH BACK INTO YOUR POCKET** when you upgrade your current phone system and enter into the Partner For Life Program!

Based on your current system's age, we'll pay you cash... Cash you can apply to the growing needs of your business!

## Here's how it works...

We pay you the cash value for your current system based on the original price and current age of the equipment. Payment is calculated on the sum of the deal.

1. Requires invoice from original sale to support payout amount.
2. Will require a Bill of Sale from you to GreatAmerica.
3. Lien searches on existing equipment when payment exceeds \$25,000.
4. Subordinations from prior filers will be required if UCC's are filed as a blanket lien on all company assets or filed specifically on the equipment we will be re-financing (in this case a UCC Termination would be required).
5. Need to ensure existing phone system being transitioned to the new lease is listed in addition to the new equipment.

| System Age<br>(in months) | Cash Back |
|---------------------------|-----------|
| 0 - 12                    | 80%       |
| 13 - 24                   | 60%       |
| 25 - 36                   | 40%       |
| 37 - 48                   | 20%       |
| 49 - 60                   | 0%        |
